COUNTY MEETING

ALL SUNDAY SCHOOLS INVITED
TO CHAUTAUQUA AUGUST 16.

TO BE FIVE BIG CLASSES

Maryville Superintendents Arrange for
Union Service in Auditorium Tent
—Preaching Afterward.

The superintendents of the Maryville Sunday schools met last Saturday night and arranged for the union Sunday school services at the chautauqua next Sunday morning. This meeting will be open to all the schools of the county, and everyone is invited to attend. Immediately after the Sunday school, a union church service will be held, at which the Rev. Louis M. Hale, pastor of the First Baptist church, will preach. Because of these services, there will be no admission charges to the grounds that morning.

The Sunday school will be divided into four departments for the purpose of instruction, and seven teachers will conduct the classes. The services will begin at 9:30 a. m., and as the persons arrive at the tent they will be conducted to their proper departments by ushers. The orchestra of the Christian Sunday school, under the direction of Lee Griffin, will furnish the music for the services.

Senator Anderson Craig will be the general superintendent of the meeting, and under him the following persons will act as teachers and officers.

In the primary department Miss N. Elizabeth Evans of the First Methodist church and Miss Ada Albert of the First Baptist church will be the teachers.

Mrs. M. D. Kemp of the First Methodist church and Edward Gray of the Christian church will teach the junior department.

The intermediate department will be conducted by Mrs. Gallatin Craig of the Presbyterian church, who will have charge of the boys' class, and Miss Laura Hawkins of the Christian church, who will teach the girls' class.

The Rev. J. D. Randolph, pastor of the Buchanan street Methodist church, will teach the senior department. The regular international lessons for the day will be used.

H. C. Bower will be general secretary of the meeting, and under him Fred Lewis will act as secretary of the primary department, Miss Eva Davis of the junior department, and Miss Berry in the intermediate department and J. R. Brink in the senior department.

Walter Wray will have charge of the ushers.

AN ALL DAY SERVICE AT ARKOE

The Rev. Arthur Dillinger of Des Moines, Ia., will preach next Sunday — Basket Dinner.

The Arkoe Christian church will hold an all day service next Sunday. The Rev. Arthur Dillinger of Des Moines, Ia., will preach at 11 o'clock in the morning. After this a basket dinner will be held.

The afternoon service will begin at 2:30 o'clock, and the sermon will be preached by the Rev. J. N. Cole. The Rev. Mr. Anderson, pastor of the church, will conduct the night meeting, beginning at 8 o'clock.

Returns to Jamesport.

Miss Lesa Nickeson of Jamesport, Mo., who had been visiting her sister, Mrs. Ed Rickard of Pickering, returned to her home this morning.

Home From Oregon.

John Conway of Graham, returned to his home Saturday from a week's visit at Oregon, Mo., where he attended the Oregon chautauqua.

W. R. Tilson and family motored to Bernard this afternoon to attend the picnic.

CRAIG SPEAKS AT NORMAL.

Senator Tells Students of Value of the Public School System and Their Place in It.

"Perhaps the greatest asset of the state is its public school system," said Senator Anderson Craig to the Normal students this morning. "Agriculture is second and also great, for the real prosperity of a people comes when it is well fed. This means up-to-date agriculture."

"The state's money cannot be better represented than in the system of education. It is up to the people to back the bills which are introduced into the legislature for the good of the schools. "You students have the power to make this school one of the greatest institutions in the state, if you co-operate with the people in the matters of public education."

CRESTON TRAVELERS WIN.

Maryville Drummers Couldn't Keep Up Pace in Saturday's Benefit Game.

The Creston traveling men defeated the Maryville team 20 to 9 in the Rest Rooms benefit game played at the Normal park Saturday afternoon. A small crowd attended it, but the players ran around and around the bases just the same.

Paul Basford was Maryville's heavy hitter, knocking one home run. T. K. Wray was hurt and had to be taken from the game, when in sliding to second he broke his glasses and cut his face.

The Maryville team will go to Creston sometime in September to play a return game.

SUNDAY'S BALL GAMES.

Hopkins Defeated Company F. Company F went to Hopkins yesterday to play ball and lost 4 to 7. The feature of the game was Kime's being thrown out at home on a long hit that brought in two men ahead of him. The batteries were: Company F, Wogan, Howerly and Bowen; Hopkins, Canning and Sergeant.

All Stars 11, Guilford 5.

In a loosely played game, the All Stars defeated Guilford at Riffe's park yesterday 11 to 5. The Maryville Concert band played at the park and a large crowd attended the game.

Skidmore won from Burlington Junction yesterday by a score of 18 to 5.

Tarkio Defeated Elmo Yesterday 9-8.

Tarkio defeated Elmo yesterday 9 to 8. The game was close from the first to the last inning. The hitting was heavy, Elmo making fourteen safe hits to Tarkio's twelve.

The line-ups were: Tarkio—Baker 3b, Moss c, Jackson 1b, Mance p, Farquhar ss, Owens rf, Reese 2b, Lamar cf, Sherman lf. Elmo—Mathews ss, Renger c, Yale 1b, McPherson 2b, Kitts 3b, 1. Still lf, Angel rf, N. Still p.

To Visit At Hopkins.

Mrs. E. L. Harrington left this morning for her home in Savannah after a visit in Pickering with her mother, Mrs. A. L. Morford.

Returns From Colorado.

John Dougan has returned from a visit at Sedgewick, Colo., with his daughter, Mrs. C. W. Arens.

Spent Day in Maryville.

James McGowan of Conception spent the day visiting friends in Maryville.

NORMAL CLOSES MAKES LAST CALL

ENDS ONE DAY EARLY BECAUSE OF WATER SHUT DOWN

SCHOOL'S BEST YEAR INTEREST IS LACKING

Large Class Receives Diplomas and Certificates in Hushed Graduation Today—Enrollment Reached 1295

Because of the shutting off of the city water supply, the Normal school was forced to close its summer session today instead of tomorrow. At noon the graduating class was called together and told that the exercises would have to be given this afternoon. The members hurriedly arranged a program, and the exercises were held at three o'clock.

This closes the Normal's most successful session, not only in the number of students enrolled, 520, but in the advanced work done and the prospects for a student body in the fall.

The class which was graduated this afternoon is one of the largest that has ever left the school. Twenty life diplomas were issued and some sixty elementary certificates. As the school year now runs from September to September, the students who finished this summer are counted as members of last June's graduating class. Added to the persons who received their diplomas at that time, the present diplomas issued make for the year a total of forty-five life diplomas and ninety elementary certificates.

This year 1,295 students were enrolled in the Normal, some thirty less than last year. However, this year is considered the school's most successful, because of the character of the work done and the growing permanency of the student body. The requirements of the school have increased, new departments added, it has received full recognition from the University of Missouri, the students are older and carry more advanced work than has been the average.

More of the students are now staying in school continuously until they finish, rather than take a session's work and then drop out for awhile. This is one thing that has advanced the character of the work done. A large junior class was organized this year, and nearly every member of it is planning to remain in school to finish next year.

The twenty members of the senior class who received their life diplomas today are: Miss Anna Bainum, Miss Ora Barmann, Miss Ethel Bush, Miss Ida Carter, C. T. Collier, Miss Gladys Dougherty, Miss Minnie Everhart, Miss Dale Hoffman, Miss Glen Hotchkiss, Miss Dale Hulet, Miss Celia Hutt, Miss Minnie Kennedy, Vernon L. Kuhner, R. N. Malone, Miss Myrtle McPherson, Miss Helen Nixon, Lester H. Painter, Phillip Parcher, Miss Ella Richards and Miss Neva Shearer.

TOO MUCH FRIED CHICKEN.

Comets Could Not Eat All That The Colored People Supplied Them With Saturday Night.

While many of the housewives of Maryville were, as a last resort, ordering roasts and steaks Saturday evening, because they could not get any chickens for their Sunday dinners, the members of the Comets ball team were sitting around a huge platter at the home of Mrs. B. A. Smart, consuming fried drum sticks, breasts and gizzards in plentiful numbers.

It was at the dinner given to the team by the colored people of Maryville, because of the ball game on Emancipation Day. The members of the team went to the Smart home about 7 o'clock Saturday evening. There they were seated at a beautifully set table on the lawn, and then the chicken was brought, mountains high and piping hot. There was actually too much to be eaten. And with it were mashed potatoes and cream gravy, sliced tomatoes, creamed slaw, and watermelon.

Those who were at the dinner were, Jesse Crowder, Wayne David, Leslie Crowder, Ernest Vaughn, Frank Ham, Ed. Adams, Marvin Dyer, Frank Wogan, Josef Ferguson, Eugene Bird and Walter Todd.

To Motor to Colorado.

Mr. and Mrs. Abe Lutz, living near Pickering will start Wednesday morning on an auto trip to Colorado where they will spend several weeks visiting places of interest.

John Stundon of Arkoe is visiting his son here.

ENGINEER URGES ROAD WORK ON TUESDAY AND WEDNESDAY

INTEREST IS LACKING

John Clary Says Few Persons Have Notified Him of Any Plans Toward "Good Roads Days."

Tomorrow is the first of the "Good Roads Days" in Nodaway county, and in a last appeal John Clary, county highway engineer, urges the people of the county to work the roads tomorrow and Wednesday.

Very little interest is being shown in the campaign, he says, if reports of prospective work sent in to him are to be taken as a gauge. W. O. Garrett is making an effort to get the men of his neighborhood to work the road, extending from Main street north from Maryville. The only township board which has done anything at all toward the work, according to Mr. Clary's knowledge is the board of Union township. It has issued a formal notice of the days, asking the people to work.

Not very much work has been done on the roads in the last year's campaign, says Mr. Clary, and evidently the interest this year is still less.

However, he says, the roads need repairing and the people should get out and do it. Weeds are to be cut, especially those at the corners and on intervening ground between the winding places in the roads, drainage ditches cleaned out, culverts and bridges and their approaches fixed and trees and hedges trimmed.

Unless such work is done during such a campaign as this, when everybody will co-operate, effective results cannot be accomplished, Mr. Clary says, and furthermore it is liable not to be done at all.

FAIR GROUNDS ABOUT FINISHED

Report That the People of Maitland Are Opposed to Maryville's Event Is Denied.

By the end of this week the Nodaway County Fair grounds will be completed. Everything, even to the cleaning up of the trash, will be finished, says A. O. Mason.

Entries in all departments are coming in daily, season tickets have been put on sale in the business houses, the surrounding country has been thoroughly posted and nothing that will cause a delay is left to do.

A report had started that the fair had met with opposition at Maitland, because of the Maitland Fair. That is denied by the Maitland people in the following communication sent to the Democrat-Forum this morning:

"Unfortunately, a report that Maitland business men refused to allow a representative of the Maryville Fair to put up advertising in their respective places of business has been circulated, and by some the report was believed.

"We wish to put this matter right and the fact of the matter is that at this time, advertising for the Maryville Fair is in nearly every place of business in Maitland and was put there by W. T. Groves, vice-president of the Maitland Fair, after he found the Maryville Fair had failed to ask permission to put advertisers had been in town and their ads up here.

Our people appreciate the courteous treatment and liberal patronage given by Maryville and we assure you we want to do all we can to make your New Fair a success.

"G. F. DeBORD, Sec'y."

PICTURES ON EXHIBITION.

Views of Harmony Community Center to Be Hung in the County Banks.

Six large framed groups of views of Harmony Community center have been made and will be hung in the different banks over the county for exhibition.

The views have been taken by Ralph Marcell and are representative of some of the best features of community and agricultural life of the Harmony center. The pictures show the church building, the band and base ball teams, the young people's societies, the "Home Coming Day" crowd, road dragging, farms and homes and other views of interest.

Some of the groups are of different scenes, each containing a dozen views. Two of the pictures will be hung in the Maryville banks and the others in the county banks.

HOG CHOLERA CAUSES SUIT

John Jackson Asks Damages for Dead Animals and Infection of His Herd

John Jackson, through his attorneys Cook, Cummins & Dawson, today filed a damage suit against William Rainey, claiming that some hogs purchased of the latter had cholera and died and also infected his herd with the disease.

In the first count Jackson claims that he purchased thirty-two head of hogs, claimed to be sound, from Rainey for \$212.60. These hogs, he says, had the cholera and eight of them died, for which he asks \$133.48 damages.

In the second count he claims that the hogs gave the disease to his herd and that the damage done amounts to \$318.48.

STORES WILL CLOSE AUGUST 19.

Practically Every Merchant in Town Agrees to Cease Business for the Chautauqua.

Practically every merchant in Maryville today signed an agreement to shut their stores from 2 to 5 o'clock Wednesday afternoon, August 19, in order to attend the chautauqua.

The committee appointed by President Hull of the Commercial club, after the meeting last week at which the plan for closing the stores was adopted just began this morning the work of visiting the merchants. By noon, when they reported to the club at its weekly luncheon, they had three pages of names of nearly every merchant in town.

Spent Day at Mound City.

Dr. and Mrs. Leslie Dean and family drove to Mound City in their car yesterday and spent the day with Mrs. Dean's mother, Mrs. John Steele.

Home From Imogene.

Mrs. Catherine McMonigal returned Saturday from a visit of a couple of weeks at Imogene, Ia., with her son, Conrad Cassell and family.

WATER SHUT OFF

WILL TRY TO GIVE SERVICE AT THE MEAL HOURS.

RESERVE FIRE SUPPLY

Light Company to Furnish House Current—Ice Is Shipped In—Men Still Ditch the River.

The city water was shut off last night and has been off nearly all day today. A big, general rain will have to come soon if Maryville is to be saved from a water famine as serious as that of last year.

The reason that the water was shut off is that the supply in the reservoir is being saved for fire protection and the river is not furnishing enough to give a steady supply. Manager Denny and his men are still at work pumping out the holes farther up the river and as fast as it gets down to the water station it will be pumped to the city. However, no schedule can be made yet as to what hours the water will be turned on. An effort will be made to supply it at meal times.

The turning off of the water supply has seriously hindered all other operations in the city that depend on a large amount of water. The electric light plant will maintain a twenty-four hour service for homes, but the street lighting service will be cut off. The light company is hauling water necessary to supply its boilers.

The laundry was shut down this morning, and Walter Wray said he did not know when he would be able to start it again. He has no other supply.

The ice plant is also shut down, but Mr. Everhart thinks he will be able to furnish ice to his patrons. He is shipping it from other places. He has also ordered a pump for the well at his plant, but he does not know when it will arrive.

The bakeries and soda fountains are having to haul water from wells.

No one is making any predictions as to how the situation will turn out. Mr. Denny is doing his best to get the water from up the river, and he will meet with the board of public works this afternoon or tonight to discuss what further can be done to relieve the situation.

A THIRD ANONYMOUS LETTER.

Democrat-Forum Receives Communication Threatening Aldermen and Warning People to Stay Away From City Hall.

Today the Democrat-Forum received another anonymous letter threatening the members of the city council. This is the third such letter that has come to public notice. The first one was addressed to the councilmen at the city hall and the others have been sent to this paper.

In today's letter the writer requested that it be printed, as it may save someone from being killed. Filled with epithets and charging all manner of things against the aldermen and police the letter says that the writer is going to remove the council and warns all citizens to stay away from the city hall for two months if they do not want to get hurt.

No importance has been attached to these letters as nothing has ever occurred to bear them out.

To Visit in Denver.

Mrs. H. L. Raines left this morning for Denver, Colo., to spend several weeks with Mr. Raines' sister, Miss Theodosia Raines. She will also visit with Mr. Raines' mother and sister, Mrs. J. W. PLANS AN ACTIVE CAMPAIGN

President of Suffrage Association,
Mrs. Walter McNabb Miller,
to Tour State.

Plans for an active campaign are now being made by the Missouri Equal Suffrage association. Mrs. Walter McNabb Miller, who so ably conducted the work of securing petitions for the amendment, will conduct the campaign. She plans a trip to Chicago July 24, to consult some leaders of the national association as to methods and speakers, and will then tour the state, securing county chairmen to take charge of polling counties, making dates for speakers and distributing literature.

Already the National Woman Suffrage association has sent \$100 a month and literature costing the same amount, as its part in assisting the Missouri women to carry amendment 13. In September Dr. Anna Shaw will make a series of speeches for suffrage, and Miss Jane Thompson, a Missouri girl who is now a regular organizer for the national association, will do work in Missouri in October.

An effective press service is already in operation, under the direction of Mrs. Emily Newell Blair of Carthage. Anyone or any newspaper desiring material or wishing to be placed on bulletin or plate service will communicate with her.

Miss Ruth White of Kansas City, daughter of J. B. White, the lumber millionaire, is chairman of literature, and has ready to be distributed a number of folders and booklets giving the opinions of prominent Missourians on suffrage.

Miss Charlotte Rumbold, who conceived the idea of the great St. Louis pageant and acted as secretary to the pageant association, being as much responsible as any other one person for its tremendous success, will be chairman of county fairs and chautauquas, having under her a number of young girls who will present the "Voiceless Speech" at public gatherings and distribute literature.

Aug. 15 will be set aside as "Sacrifice Day" by Missouri suffragists, when each loyal suffragist will be expected to make some denial that she may send the money saved thereby for the campaign. In the meantime all contributions may be sent to Miss Mary E. Bullock, 5512 Dantone avenue, St. Louis, Mo.

Brings Suit for Alleged Assault.

John Growney today filed suit against Conrad Reidlinger, claiming the latter assaulted him. Growney says he was riding a horse at the time, was thrown on the saddle horn and injured, and for this he asks \$100 doctor's fees, \$2,000 actual and \$1,000 punitive damages.

KAISER LEAVES FOR GERMAN FRONTIER

Arrives at Aix La Chapelle to Join His Army.

London, Aug. 10.—A dispatch to the Exchange Telegraph company from Rome says that Emperor William has arrived at Aix la Chapelle to join his army.

The Brussels correspondent of the Daily Mail says that he has confirmed the report of French success at Marbais, in Belgium, on the railway line between Ostend and Basel. He says it is reported that the French are pursuing the Germans, who are retreating.

GERMAN VIEW OF STRUGGLE

Kaiser's Charge at Washington Says London Reports Seek to Falsify.

Washington, Aug. 10.—The German viewpoint on the struggle in Europe was given by the German charge d'affaires, Haniel von Haimhausen.

Concerning the political aspect of the conflict the German charge maintains that the reports from London seek to give the erroneous impression that Germany precipitated the war wholly because German troops had advanced into Belgium, whereas he declares the British foreign office had previously laid down terms to Germany which would have had the effect of restraining the German navy from operating against Russia in the Baltic or from operating against France along the north coast of that country.

Thus, before the Belgian issue arose, Mr. von Haimhausen contends, England had sought to compel Germany to hold its navy inactive at the very points where it could be most effective; to reduce it to a state of comparative inaction in upholding such position as the German nation might determine upon.

As to Belgium, also, Mr. von Haimhausen declares, the British government sought to tie the hands of Germany by a permanent agreement not to cross Belgian territory, when at the same time Germany was aware that French forces had already entered Belgium and were operating there in defiance of all neutrality.

Word Is Received From Berlin.

Washington, Aug. 10.—Communication between the state department and the embassy at Berlin was re-established. Several messages, the nature of which was not disclosed, were interchanged. Minister von Dyke cabled the department that the Holland-American steamer Nieuw Amsterdam had sailed from The Hague with 500 Americans aboard. The vessel will touch at Plymouth. An appeal from Milan, Italy, reading, "Hundreds in distress; what relief from you?" was signed by Henry Budd, Rev. Mr. Bolton, Alfred Niles and Harry Nason, all of Philadelphia.

Accuse Civilians of Shooting Doctors.

Berlin, Aug. 10.—A semi-official statement published here accuses Belgian civilians in the vicinity of Liege of having participated in the fighting against the Germans. It says that doctors attending the wounded were fired on from ambush and that the population on the French frontier opposite Metz fired from an ambush upon German patrols.

Offer Their Autos.

Paris, Aug. 10.—Americans are being allowed to keep their automobiles, which were requisitioned at the beginning of mobilization. So many machines have been proffered by French people that the war office cannot use them all and is declining offers.

Cool Wave Moving From Northwest.

Washington, Aug. 10.—A cool wave, moving from the northwest, promised some relief from the high temperatures prevailing through the middle west and the eastern states.

MEXICO'S OLD CIVILIZATIONS.

Remarkable Ruins of Chichen Itza, the "Holy City" of the Mayas, an Ancient and Learned Race.

For many centuries Mexico has been the home of many races. Most of us are wont to regard it as the home of only the Aztecs, with whose civilization Prescott and the early Spanish chroniclers have made us more or less familiar. The archaeologist and student of pre-Columbian and pre-historic times, however, knows that there were races, especially in southern Mexico and parts of Central America, whose ancient civilization had no connection with the empire of the Montezumas, and whose wonderful works, long ago fallen into decay and ruin, are now the subjects of scientific research and study. To Americans at least these should be as interesting as the ruins of ancient Egypt or the buried cities of Asia and the Far East.

Under the title "Ancient Temples and Cities of the New World," the Monthly Bulletin of the Pan American Union, Washington, D. C., has been publishing a series of articles dealing with these relics of a splendid but long-forgotten people. One of the most interesting of the ruined cities bore the name of Chichen Itza, once the "Holy City" of the Mayas, a people of whom Sylvanus G. Morley writes:

"Long before the discovery of America there flourished in southern Mexico, Guatemala, and parts of Honduras a great civilization, which has been called the Maya. It may be said without exaggeration that this civilization had reached a height equalled by no other people of the Western Hemisphere prior to the coming of the white man. In architecture, sculpture, and in painting the Mayas excelled. Their priests were astronomers of no mean ability, having observed and recorded, without the aid of instruments of precision such as are known to us, the lengths of the Solar and Venus years, and probably the lengths of the Mercury and Mars years. In addition to this they had developed a calendar system and perfected a chronology which in some of its characteristics was equal to our own.

"But the ancient glory of this people had long since departed when Hernando Cortez first came in contact with them on the coast of Yucatan in 1519. Their star had set. Their greatest cities had been abandoned and lay in ruins. Even the memory of the older cities of their culture, such as Palenque, Copan and Quirigua, for example, seems to have passed from the minds of men, their former existence

forgotten. Probably the largest, and certainly the most magnificent, of the ruined cities which the Spanish conquerors found on their arrival in Yucatan was Chichen Itza, around which even in its desolation there still cluster a thousand traditions of former sanctity and splendor. The name is Maya, and means "The Mouth of the Wells of the Itzas."

"To visit the ancient city now, one jolts for fifteen long and weary miles in a two-wheeled cart drawn by three mules over the roughest kind of a highway imaginable. Finally, when it seems that the limit of physical endurance has been reached, the cart suddenly lurches around a sharp turn in the road and as if by magic the lofty Castillo flashes into view, towering high above the plain and the rest of the city.

"This imposing structure, the highest in Yucatan, rises seventy-eight feet above the plain. The pyramid on which the temple stands is 195 feet long and covers about an acre of ground. It is made of nine terraces of faced masonry, each terrace elaborately paneled to relieve the monotony of effect. Up the center of each of its four sides rises a stairway thirty-seven feet wide. These stairways have massive stone balustrades, carved to represent serpents, the heads being at the bases of the stairways and flanking them.

"The Castillo would seem to have been the center of the ancient city, and probably its chief sanctuary. To the north lies the Sacred Cenote (well) and the causeway leading to it. On the east is a vast group of buildings, colonnades, courts, and pyramids. "The City of a Thousand Columns," as some one has picturesquely described it. Due west is the group of structures known as the Ball Court. To the south for half a mile or more, scattered through the jungle, are pyramids, courts, temples and palaces. The central location of the Castillo with reference to all of these, as well as its great size and commanding height, argue strongly that it was the chief sanctuary of the Holy City. In another structure, the "House of the Tigers," are found the remnants of several beautiful mural paintings. One of these represents an attack by an enemy on a large city, splendidly executed, and presents perhaps the most remarkable piece of aboriginal painting known to be in existence. The total area covered by the ruins has been estimated at ten square miles.

LIEGE IS TAKEN BY GERMANS

Teutons Finally Capture Belgian City.

ANOTHER BATTLE IS ON

German and Belgian Soldiers Fight in at n res.

AUSTRIANS ARE NEAR BASEL.

French Assert Teuton Losses Are Very Serious.

London announced officially that Liege had been taken by the Germans. A clash between German and French cavalry south of Namur is said to have taken place.

Emperor William is reported to have left for the Alsatian frontier to join the German general staff.

Cholera is said to have broken out among the Austrian and Serbian troops.

Paris dispatches say the Germans in Belgium are short of provisions.

A cablegram from Peking says serious "conversations" are proceeding between Tokyo and London governments concerning whether Japan will participate in an attack on the German colony of Tsingtau.

The French and Belgian governments have directed that the resources of the two countries shall be the common property of France and Belgium.

London, Aug. 10.—The occupation of Liege by the Germans is confirmed in a dispatch received from Brussels this morning.

The correspondent of the Daily Telegraph says: "The Belgians have blown up the old disused fortresses at Liege to prevent the Germans availing themselves of their use. It is reported here that many Bavarians are deserting or refusing to join their colors, the idea of fighting the peaceable Belgians, whose queen is a beloved Bavarian princess, being very unpopular."

A dispatch to the Antwerp Randelsblad from Maastricht states that the Germans have received reinforcements and completely occupy the Belgian territory bordering on the Dutch province of Limburg. They are now engaged with the Belgian army, which has taken its position near Tongres, eleven miles south of Maastricht. The fight is progressing in the valley of Geer.

General Engagement Likely.

Paris, Aug. 10.—The military critics consider the report from Rome that Emperor William has left Berlin to join the general staff of the German army on the Alsatian frontier to indicate that the Germans are ready to engage the French in great force and that a general engagement is impending.

It is unofficially reported that Kolmar, a city forty miles southwest of Strassburg, in Alsace-Lorraine, has been occupied by the French.

Kolmar is a city with a population of 30,000, on the Ill river, and almost directly north of Mulhausen, the city which the French are said to have occupied Saturday. Kolmar was ceded to France by the peace treaty of Ryswick in 1697 and restored to Germany by the treaty of Frankfurt in 1871.

In a French official statement concerning the invasion of Alsace by French troops, and the occupation of Altkirch and Mulhausen, it is asserted that the French losses were not excessive, while those of the Germans were "very serious."

The invasion of lower Alsace by a French army, under the command of General Joffre, the French commander in chief, has awakened great enthusiasm throughout France.

Reservist Must Support Family.

New York, Aug. 10.—City Magistrate Harris, sitting in the domestic relations court, established a precedent in the case of wives and families of foreign reservists called to the front. Joseph Geier was placed under a bond of \$260 to support his wife and two children in the event that he is compelled to leave this country. Mrs. Geier made the application. Geier is an Austrian.

Million Bags of Flour Canada's Gift.

Ottawa, Ont., Aug. 10.—The Canadian government has offered the imperial authorities 1,000,000 bags of flour as a gift for the use of the British people. It was announced. The offer has been accepted and the work of collecting the flour is now under way.

GERMAN SUBMARINE IS SENT TO BOTTOM

Admiralty Tells of Attack on English Cruisers.

London, Aug. 10.—The admiralty has announced that one of the cruiser squadrons of the main fleet was attacked by German submarines. None of the British ships was damaged. One German submarine was sunk. No details were given as to the place at which the fight occurred.

The submarine sunk by the British fleet was the U-15, which was built in 1912 and displaced 300 tons. It carried a crew of twelve men.

Germans Bottled Up.

Shanghai, Aug. 10.—A British fleet proceeding toward Tsingtau passed Shanghai. Cannonading was reported by an incoming ship. It is believed the German warships are bottled up in Tsingtau harbor.

SHOT FAILS TO STOP STEAMER

Torpedo Destroyer Chases Vessel Not Responding to Signals.

New York, Aug. 10.—The first notable flurry in the harbor since the naval guard was stationed down the bay to watch against violations of the neutrality laws occurred when the Clyde steamer Pawnee, which runs between this port and Philadelphia, was chased by a torpedo boat destroyer after failing to respond to signals as she was passing out and was brought back inside the Narrows. Later she was allowed to proceed. A shot fired from the locality where the battleship Florida and torpedo boat destroyer Bratton were moored, near Tompkinsville, had failed to halt the outgoing steamer.

The incident appeared to be due to the Pawnee's failure to observe the new port regulations established as a neutrality safeguard. All outgoing vessels at night are required to pass near the Florida and make their identity known. When the Pawnee failed to do this a shot was fired across her bows and the destroyer put out to bring her back. When her identity was established she was allowed to proceed.

Turkish Troops Active.

Athens, Aug. 10.—Large Turkish forces have concentrated on Bulgarian territory near Ferizik, in the vicinity of the River Maritza. They are moving apparently in the direction of the frontiers of Thrace and Bulgaria by agreement with Bulgaria.

Austria Invaded by Russian Troops. St. Petersburg, Aug. 10.—Russian troops have penetrated through the valley of the River Styr, which rises in Austrian Galicia and flows into Russia, and have entered Austrian territory, driving the Austrian advance posts before them.

FUNERAL OF MRS. WILSON

Simple Rites For the Wife of the President.

SERVICES IN THE EAST ROOM.

Offices at Capital Closed in Respect to Memory of Mrs. Wilson—Body Will Be Buried at Rome, Ga.—Government Represented at Funeral.

Washington, Aug. 10.—The nation paid tribute this afternoon to Mrs. Woodrow Wilson, wife of the president, whose funeral was held at 2 o'clock in the historic East room of the White House.

The services consisted of the reading of the simple Presbyterian rites by the Rev. Sylvester Beach of Princeton, N. J., and the Rev. J. H. Taylor of the Central Presbyterian church, Washington.

Only the family, intimate friends, the cabinet, and the members of the congressional committees were present. After the services the casket was carried by a group of police officers, who long have guarded occupants of the White House, to a waiting hearse.

A special train, consisting of a private car for the casket and the president and his family, a sleeper for a few relatives and intimate friends, a dining car and a baggage car, will take the party to Rome, Ga.

It will arrive there at 2 o'clock tomorrow afternoon. The final services will be held immediately in Myrtle Hill cemetery. At 6 o'clock the president will start back to Washington.

Flowers From All Over Country.

Flowers arrived from individuals and organizations in all parts of the country. Such a collection has seldom been seen except at the funerals of presidents of the United States.

The body of Mrs. Wilson is in a mahogany casket, lined with copper, and covered with silver gray broadcloth and with silver handles. At the grave the casket will be placed in an outer case of steel.

On the casket is a silver plate engraved with the simple inscription:

Ellen Axson Wilson,
May 1, 1869-Aug. 6, 1914.

All government departments in Washington were closed during the services.

PROTEST AGAINST WAR

New York Socialists Hold Meeting and Adopt Resolutions.

New York, Aug. 10.—Several thousand Socialists attended a mass meeting held to protest against the European war. The meeting in Union square was presided over by Edward F. Cassidy, who claimed that the war would have been averted by the working classes if the situation had not arisen so suddenly.

George Lunn, former mayor of Schenectady, said he regarded general strikes justifiable to stop war, "when death is appointed the commander in chief in Europe." He declared he believed the Socialist party to be "the greatest peace society on earth."

The meeting adopted a resolution against the war and demanding that the United States prohibit the furnishing by this country of "food supplies, munitions of war and any other commodity that will in any way assist to prolong this butchery," and that the government rigidly enforce the neutrality laws.

Steamship New York Brings Refugees.

New York, Aug. 10.—Five hundred and seventy-nine passengers, a majority of them American refugees from Europe, reached New York on the American line steamer New York. A number of well-to-do Americans were booked for the steerage because of crowded conditions, but by doubling up wherever possible they were housed in the cabin.

Millions in Treasure Returned.

Bar Harbor, Me., Aug. 10.—Securely locked in four steel express cars and accompanied by an armed guard of forty express messengers and detectives the \$10,600,000 of gold coin in kegs and \$3,000,000 in silver in barrel from the German liner Kron Prinzessin Cecilie was sent back in a special train to New York, whence it was shipped abroad ten days ago.

German Steamer Saved by Dense Fog.

Boston, Aug. 10.—Heavy fog banks on the north Atlantic saved the German steamer Wittekind with 323 passengers and a \$1,000,000 cargo of lead and coal tar products from capture by the British cruiser Essex, according to the story told by Captain Sembl when the steamer reached here.

Japan to Take Active Part.

London, Aug. 10.—A dispatch to the Daily Mail from Tokyo says: "An all night cabinet conference and activity in the navy department has strengthened the popular belief that Japan is about to take an active part in the war. A pronouncement by the government is hourly expected."

British, French and Belgians Join.

Brussels, Aug. 10.—News that the French, Belgian and British troops had effected a junction across the lines of the German advance in Belgium caused great rejoicing here. The crowds sang the national anthems of the three allies.

COUNTY MEETING

ALL SUNDAY SCHOOLS INVITED
TO CHAUTAUQUA AUGUST 16.

TO BE FIVE BIG CLASSES

Maryville Superintendents Arrange for
Union Service in Auditorium Tent
—Preaching Afterward.

The superintendents of the Maryville Sunday schools met last Saturday night and arranged for the union Sunday school services at the chautauqua next Sunday morning. This meeting will be open to all the schools of the county, and everyone is invited to attend. Immediately after the Sunday school, a union church service will be held, at which the Rev. Louis M. Hale, pastor of the First Baptist church, will preach. Because of these services, there will be no admission charges to the grounds that morning.

The Sunday school will be divided into four departments for the purpose of instruction, and seven teachers will conduct the classes. The services will begin at 9:30 a. m., and as the persons arrive at the tent they will be conducted to their proper departments by ushers. The orchestra of the Christian Sunday school, under the direction of Lee Griffin, will furnish the music for the services.

Senator Anderson Craig will be the general superintendent of the meeting, and under him the following persons will act as teachers and officers.

In the primary department Miss N. Elizabeth Evans of the First Methodist church and Miss Ada Albert of the First Baptist church will be the teachers.

Mrs. M. D. Kemp of the First Methodist church and Edward Gray of the Christian church will teach the junior department.

The intermediate department will be conducted by Mrs. Gallatin Craig of the Presbyterian church, who will have charge of the boys' class, and Miss Laura Hawkins of the Christian church, who will teach the girls' class.

The Rev. J. D. Randolph, pastor of the Buchanan street Methodist church, will teach the senior department. The regular international lessons for the day will be used.

H. C. Bower will be general secretary of the meeting, and under him Fred Lewis will act as secretary of the primary department, Miss Eva Davis of the junior department, and Miss Berry in the intermediate department and J. R. Brink in the senior department.

Walter Wray will have charge of the ushers.

AN ALL DAY SERVICE AT ARKOE

The Rev. Arthur Dillinger of Des Moines, Ia., will preach next Sunday — Basket Dinner.

The Arkoe Christian church will hold an all day service next Sunday. The Rev. Arthur Dillinger of Des Moines, Ia., will preach at 11 o'clock in the morning. After this a basket dinner will be held.

The afternoon service will begin at 2:30 o'clock, and the sermon will be preached by the Rev. J. N. Cole. The Rev. Mr. Anderson, pastor of the church, will conduct the night meeting, beginning at 8 o'clock.

Returns to Jamesport.

Miss Lesa Nickeson of Jamesport, Mo., who had been visiting her sister, Mrs. Ed Rickard of Pickering, returned to her home this morning.

Home From Oregon.

John Conway of Graham, returned to his home Saturday from a week's visit at Oregon, Mo., where he attended the Oregon chautauqua.

W. R. Tilson and family motored to Barnard this afternoon to attend the picnic.

CRAIG SPEAKS AT NORMAL.

Senator Tells Students of Value of the Public School System and Their Place in It.

"Perhaps the greatest asset of the state is its public school system," said Senator Anderson Craig to the Normal students this morning. "Agriculture is second and also great, for the real prosperity of a people comes when it is well fed. This means up-to-date agriculture."

"The state's money cannot be better represented than in the system of education. It is up to the people to back the bills which are introduced into the legislature for the good of the schools. You students have the power to make this school one of the greatest institutions in the state, if you co-operate with the people in the matters of public education."

CRESTON TRAVELERS WIN.

Maryville Drummers Couldn't Keep Up Pace in Saturday's Benefit Game.

The Creston traveling men defeated the Maryville team 20 to 9 in the Rest Rooms benefit game played at the Normal Park Saturday afternoon. A small crowd attended it, but the players ran around and around the bases just the same.

Paul Basford was Maryville's heavy hitter, knocking one home run. T. K. Wray was hurt and had to be taken from the game, when in sliding to second he broke his glasses and cut his face.

The Maryville team will go to Creston sometime in September to play a return game.

SUNDAY'S BALL GAMES.

Hopkins Defeated Company F.

Company F went to Hopkins yesterday to play ball and lost 4 to 7. The feature of the game was Kime's being brought out at home on a long hit that brought in two men ahead of him. The batteries were: Company F, Wogan, Howery and Bowen; Hopkins, Canning and Sergeant.

All Stars 11, Guilford 5.

In a loosely played game, the All Stars defeated Guilford at Riffe's park yesterday 11 to 5. The Maryville Concert band played at the park and a large crowd attended the game.

Skidmore won from Burlington Junction yesterday by a score of 18 to 5.

Tarkio Defeated Elmo Yesterday 9-8.

Tarkio defeated Elmo yesterday 9 to 8. The game was close from the first to the last inning. The hitting was heavy, Elmo making fourteen safe hits to Tarkio's twelve. The line-ups were:

Elmo—Baker 2b, Moss c, Jackson 1b, Mance p, Farquhar ss, Owens lf, Reese 2b, Lamar cf, Sherman rf.

Tarkio—Mathews ss, Renger c, Yale 1b, McPherson 2b, Kitts 3b, l. Still lf, Angel rf, N. Still p.

To Visit At Hopkins.

Miss Helen Wray of Springfield, Mo., who has been visiting relatives in Maryville left last night for Hopkins to visit her grandmother, Mrs. Mary C. Wray.

Moving to South Main.

Home to Savannah.

Mrs. E. L. Harrington left this morning for her home in Savannah after a visit in Pickering with her mother, Mrs. A. L. Morford.

Returns From Colorado.

John Dougan has returned from a visit at Sedgewick, Colo., with his daughter, Mrs. C. W. Arens.

Spent Day in Maryville.

James Dougan of Conception spent the day visiting friends in Maryville.

NORMAL CLOSES MAKES LAST CALL

ENDS ONE DAY EARLY BECAUSE
OF WATER SHUT DOWN

SCHOOL'S BEST YEAR

Large Class Receives Diplomas and
Certificates in Hurried Graduation
Today—Enrollment Reached 1295

Because of the shutting off of the city water supply, the Normal school was forced to close its summer session today instead of tomorrow. At noon the graduating class was called together and told that the exercises would have to be given this afternoon. The members hurriedly arranged a program, and the exercises were held at three o'clock.

This closes the Normal's most successful session, not only in the number of students enrolled, 520, but in the advanced work done and the prospects for a student body in the fall.

The class which was graduated this afternoon is one of the largest that has ever left the school. Twenty life diplomas were issued and some sixty elementary certificates. As the school year now runs from September to September, the students who finished this summer are counted as members of last June's graduating class. Added to the persons who received their diplomas at that time, the present diplomas issued make for the year a total of forty-five life diplomas and ninety elementary certificates.

This year 1,295 students were enrolled in the Normal, some thirty less than last year. However, this year is considered the school's most successful, because of the character of the work done and the growing permanency of the student body. The requirements of the school have increased, new departments added, it has received full recognition from the University of Missouri, the students are older and carry more advanced work than has been the average.

More of the students are now staying in school continuously until they finish, rather than take a session's work and then drop out for awhile. This is one thing that has advanced the character of the work done. A large junior class was organized this year, and nearly every member of it is planning to remain in school to finish next year.

The twenty members of the senior class who received their life diplomas today are: Miss Anna Bainum, Miss Ora Barmann, Miss Ethel Bush, Miss Ida Carter, C. T. Collier, Miss Gladys Dougherty, Miss Minnie Everhart, Miss Dale Hoffman, Miss Glen Hotchkiss, Miss Dale Hulet, Miss Celia Hutt, Miss Minnie Kennedy, Vernon L. Kuhner, R. N. Malone, Miss Myrtle McPherron, Miss Helen Nixon, Lester H. Painter, Phillip Parcher, Miss Ella Richards and Miss Neva Shearer.

TOO MUCH FRIED CHICKEN.

Comets Could Not Eat All That The Colored People Supplied Them With Saturday Night.

While many of the housewives of Maryville were, as a last resort, ordering roasts and steaks Saturday evening, because they could not get any chickens for their Sunday dinners, the members of the Comets ball team were sitting around a huge platter at the home of Mrs. B. A. Smart, consuming fried drum sticks, breasts and gizzards in plentiful numbers.

It was at the dinner given to the team by the colored people of Maryville, because of the ball game on Emancipation Day. The members of the team went to the Smart home about 7 o'clock Saturday evening. There they were seated at a beautifully set table on the lawn, and then the chicken was brought, mountains high and piping hot. There was actually too much to be eaten. And with it were mashed potatoes and cream gravy, sliced tomatoes, creamed slaw, and watermelon.

Those who were at the dinner were, Jesse Crowder, Wayne David, Leslie Crowder, Ernest Vaughn, Frank Ham, Ed. Adams, Marvin Dyer, Frank Wogan, Josef Ferguson, Eugene Bird and Walter Todd.

ENGINEER URGES ROAD WORK ON
TUESDAY AND WEDNESDAY

INTEREST IS LACKING

John Clary Says Few Persons Have
Notified Him of Any Plans Toward
"Good Roads Days."

Tomorrow is the first of the "Good Roads Days" in Nodaway county, and in a last appeal John Clary, county highway engineer, urges the people of the county to work the roads tomorrow and Wednesday.

Very little interest is being shown in the campaign, he says, if reports of prospective work sent in to him are to be taken as a gauge. W. O. Garrett is making an effort to get the men of his neighborhood to work the road, extending from Main street north from Maryville. The only township board which has done anything at all toward the work, according to Mr. Clary's knowledge is the board of Union township. It has issued a formal notice of the days, asking the people to work.

Not very much work has been done on the roads in the last year's campaign, says Mr. Clary, and evidently the interest this year is still less.

However, he says, the roads need repairing and the people should get out and do it. Weeds are to be cut, especially those at the corners and on intervening ground between the winding places in the roads, drainage ditches cleaned out, culverts and bridges and their approaches fixed and trees and hedges trimmed. Unless such work is done during such a campaign as this, when everybody will co-operate, effective results cannot be accomplished, Mr. Clary says, and furthermore it is liable not to be done at all.

FAIR GROUNDS ABOUT FINISHED

Report That the People of Maitland Are Opposed to Maryville's Event Is Denied.

By the end of this week the Nodaway County Fair grounds will be completed. Everything, even to the cleaning up of the trash, will be finished, says A. O. Mason.

Entries in all departments are coming in daily, season tickets have been put on sale in the business houses, the surrounding country has been thoroughly posted and nothing that will cause a delay is left to do.

A report had started that the fair had met with opposition at Maitland, because of the Maitland Fair. That is denied by the Maitland people in the following communication sent to the Democrat-Forum this morning:

"Unfortunately, a report that Maitland business men refused to allow a representative of the Maryville Fair to put up advertising in their respective places of business has been circulated, and by some the report was believed.

"We wish to put this matter right and the fact of the matter is that at this time, advertising for the Maryville Fair is in nearly every place of business in Maitland and was put there by W. T. Groves, vice-president of the Maitland Fair, after he found the Maryville Fair had failed to ask permission to put advertisers had been in town and their ads up here.

Our people appreciate the courteous treatment and liberal patronage given by Maryville and we assure you we want to do all we can to make your New Fair a success.

"G. F. DeBORD, Sec'y."

PICTURES ON EXHIBITION.

Views of Harmony Community Center to Be Hung in the County Banks.

Six large framed groups of views of Harmony Community center have been made and will be hung in the different banks over the county for exhibition.

The views have been taken by Ralph Marcell and are representative of some of the best features of community and agricultural life of the Harmony center. The pictures show the church building, the band and base ball teams, the young people's societies, the "Home Coming Day" crowd, road dragging, farms and homes and other views of interest.

Some of the groups are of different scenes, each containing a dozen views. Two of the pictures will be hung in the Maryville banks and the others in the county banks.

HOG CHOLERA CAUSES SUIT

John Jackson Asks Damages for Dead Animals and Infection of His Herd

John Jackson, through his attorneys Cook, Cummins & Dawson, today filed a damage suit against William Rainey, claiming that some hogs purchased of the latter had cholera and died and also infected his herd with the disease. In the first count Jackson claims that he purchased thirty-two head of hogs, claimed to be sound, from Rainey for \$213.69. These hogs, he says, had the cholera and eight of them died, for which he asks \$133.48 damages.

In the second count he claims that the hogs gave the disease to his herd and that the damage done amounts to \$318.48.

STORES WILL CLOSE AUGUST 19.

Practically Every Merchant in Town Agrees to Cease Business for the Chautauqua.

Practically every merchant in Maryville today signed an agreement to shut their stores from 2 to 5 o'clock Wednesday afternoon, August 19, in order to attend the chautauqua.

The committee appointed by President Hull of the Commercial club, after the meeting last week at which the plan for closing the stores was adopted just began this morning the work of visiting the merchants. By noon, when they reported to the club at its weekly luncheon, they had three pages of names of nearly every merchant in town.

Mrs. Catherine McMonigal returned Saturday from a visit of a couple of weeks at Imogene, Ia., with her son, Conrad Cassell and family.

WATER SHUT OFF

WILL TRY TO GIVE SERVICE AT
THE MEAL HOURS.

RESERVE FIRE SUPPLY

Light Company to Furnish House Current—Ice Is Shipped In—Men Still Ditch the River.

The city water was shut off last night and has been off nearly all day today. A big, general rain will have to come soon if Maryville is to be saved from a water famine as serious as that of last year.

The reason that the water was shut off is that the supply in the reservoir is being saved for fire protection and the river is not furnishing enough to give a steady supply. Manager Denny and his men are still at work pumping out the holes farther up the river and as fast as it gets down to the water station it will be pumped to the city. However, no schedule can be made yet as to what hours the water will be turned on. An effort will be made to supply it at meal times.

The turning off of the water supply has seriously hindered all other operations in the city that depend on a large amount of water. The electric light plant will maintain a twenty-four hour service for homes, but the street lighting service will be cut off. The light company is hauling water necessary to supply its boilers.

The laundry was shut down this morning, and Walter Wray said he did not know when he would be able to start it again. He has no other supply.

The ice plant is also shut down, but Mr. Everhart thinks he will be able to furnish ice to his patrons. He is shipping it from other places. He has also ordered a pump for the well at his plant, but he does not know when it will arrive.

The bakeries and soda fountains are having to haul water from wells.

No one is making any predictions as to how the situation will turn out. Mr. Denny is doing his best to get the water from up the river, and he will meet with the board of public works this afternoon or tonight to discuss what further can be done to relieve the situation.

A THIRD ANONYMOUS LETTER.

Democrat-Forum Receives Communication Threatening Aldermen and Warning People to Stay Away From City Hall.

Today the Democrat-Forum received another anonymous letter threatening the members of the city council. This is the third such letter that has come to public notice. The first one was addressed to the councilmen at the city hall and the others have been sent to this paper.

In today's letter the writer requested that it be printed, as it may save someone from being killed. Filled with epithets and charging all manner of things against the aldermen and police the letter says that the writer is going to remove the council and warns all citizens to stay away from the city hall for two months if they do not want to get hurt.

No importance has been attached to these letters as nothing has ever occurred to bear them out.

To Visit in Denver.

PLANS AN ACTIVE CAMPAIGN

President of Suffrage Association,
Mrs. Walter McNabb Miller,
to Tour State.

Plans for an active campaign are now being made by the Missouri Equal Suffrage association. Mrs. Walter McNabb Miller, who so ably conducted the work of securing petitions for the amendment, will conduct the campaign. She plans a trip to Chicago July 24, to consult some leaders of the national association as to methods and speakers, and will then tour the state, securing county chairmen to take charge of polling counties, making dates for speakers and distributing literature.

Already the National Woman Suffrage association has sent \$100 a month and literature costing the same amount, as its part in assisting the Missouri women to carry amendment 13. In September Dr. Anna Shaw will make a series of speeches for suffrage, and Miss Jane Thompson, a Missouri girl who is now a regular organizer for the national association, will do work in Missouri in October.

An effective press service is already in operation, under the direction of Mrs. Emily Newell Blair of Carthage. Anyone or any newspaper desiring material or wishing to be placed on bulletin or plate services will communicate with her.

Miss Ruth White of Kansas City, daughter of J. B. White, the lumber millionaire is chairman of literature, and has ready to be distributed a number of folders and booklets giving the opinions of prominent Missourians on suffrage.

Miss Charlotte Rumbold, who conceived the idea of the great St. Louis pageant and acted as secretary to the pageant association, being as much responsible as any other one person for its tremendous success, will be chairman of county fairs and chautauquas, having under her a number of young girls who will present the "Voiceless Speech" at public gatherings and distribute literature.

Aug. 15 will be set aside as "Suffrage Day" by Missouri suffragists, when each loyal suffragist will be expected to make some denial that she may send the money saved thereby for the campaign. In the meantime all contributions may be sent to Miss Mary E. Duller, 1112 Benton avenue, St. Louis, Mo.

Brings Suit for Alleged Assault.

John Growney today filed suit against Conrad Reidlinger, claiming the latter assaulted him. Growney says he was riding a horse at the time, was thrown on the saddle horn and injured, and for this he asks \$100 doctor's fees, \$2,600 actual and \$1,000 punitive damages.

KAISER LEAVES FOR
GERMAN FRONTIER

Arrives at Aix La Chapelle to
Join His Army.

London, Aug. 10.—A dispatch to the Exchange Telegraph company from Rome says that Emperor William has arrived at Aix la Chapelle to join his army.

The Brussels correspondent of the Daily Mail says that he has confirmed the report of French success at Marbehan, in Belgian Luxembourg, on the railway line between Ostend and Basel. He says it is reported that the French are pursuing the Germans, who are retreating.

GERMAN VIEW OF STRUGGLE

Kaiser's Charge at Washington Says
London Reports Seek to Falsify.

Washington, Aug. 10.—The German viewpoint on the struggle in Europe was given by the German charge d'affaires, Haniel von Halmhausen.

Concerning the political aspect of the conflict the German charge maintains that the reports from London seek to give the erroneous impression that Germany precipitated the war wholly because German troops had advanced into Belgium, whereas he declares the British foreign office had previously laid down terms to Germany which would have had the effect of restraining the German navy from operating against Russia in the Baltic or from operating against France along the north coast of that country.

Thus, before the Belgian issue arose, Mr. von Halmhausen contends, England had sought to compel Germany to hold its navy inactive at the very points where it could be most effective; to reduce it to a state of comparative inaction in upholding such position as the German nation might determine upon.

As to Belgium, also, Mr. von Halmhausen declares, the British government sought to tie the hands of Germany by a permanent agreement not to cross Belgian territory, when at the same time Germany was aware that French forces had already entered Belgium and were operating there in defiance of all neutrality.

Word Is Received From Berlin.

Washington, Aug. 10.—Communication between the state department and the embassy at Berlin was re-established. Several messages, the nature of which was not disclosed, were interchanged. Minister von Dyke cabled the department that the Holland-American steamer Nieuw Amsterdam had sailed from The Hague with 500 Americans aboard. The vessel will touch at Plymouth. An appeal from Milan, Italy, reading, "Hundreds in distress; what relief from you?" was signed by Henry Budd, Rev. Mr. Bolton, Alfred Niles and Harry Nason, all of Philadelphia.

Accuse Civilians of Shooting Doctors.
Berlin, Aug. 10.—A semi-official statement published here accuses Belgian civilians in the vicinity of Liege of having participated in the fighting against the Germans. It says that doctors attending the wounded were fired on from ambush and that the population on the French frontier opposite Metz fired from an ambush upon German patrols.

Offer Their Autos.

Paris, Aug. 10.—Americans are being allowed to keep their automobiles, which were requisitioned at the beginning of mobilization. So many machines have been proffered by French people that the war office cannot use them all and is declining offers.

MEXICO'S OLD CIVILIZATIONS.

Remarkable Ruins of Chichen Itza, the "Holy City" of the Mayas, an Ancient and Learned Race.

For many centuries Mexico has been the home of many races. Most of us are wont to regard it as the home of only the Aztecs, with whose civilization Prescott and the early Spanish chroniclers have made us more or less familiar. The archaeologist and student of pre-Columbian and pre-historic times, however, knows that there were races, especially in southern Mexico and parts of Central America, whose ancient civilization had no connection with the empire of the Montezumas, and whose wonderful works, long ago fallen into decay and ruin, are now the subjects of scientific research and study. To Americans at least these should be as interesting as the ruins of ancient Egypt or the buried cities of Asia and the Far East.

Under the title "Ancient Temples and Cities of the New World," the Monthly Bulletin of the Pan American Union, Washington, D. C., has been publishing a series of articles dealing with these relics of a splendid but long-forgotten people. One of the most interesting of the ruined cities bore the name of Chichen Itza, once the "Holy City" of the Mayas, a people of whom Sylvanus G. Morley writes:

"Long before the discovery of America there flourished in southern Mexico, Guatemala, and parts of Honduras a great civilization, which has been called the Maya. It may be said without exaggeration that this civilization had reached a height equalled by no other people of the Western Hemisphere prior to the coming of the white man. In architecture, sculpture, and in painting the Mayas excelled. Their priests were astronomers of no mean ability, having observed and recorded, without the aid of instruments of precision such as are known to us, the lengths of the Solar and Venus years, and probably the lengths of the Mercury and Mars years. In addition to this they had developed a calendar system and perfected a chronology which in some of its characteristics was equal to our own.

"But the ancient glory of this people had long since departed when Heron Cortez first came in contact with them on the coast of Yucatan in 1519. Their star had set. Their greatest cities had been abandoned and lay in ruins. Even the memory of the older cities of their culture, such as Palenque, Copan and Quirigua for example, seems to have passed from the minds of men, their former existence

forgotten. Probably the largest, and certainly the most magnificent, of the ruined cities which the Spanish conquerors found on their arrival in Yucatan was Chichen Itza, around which even in its desolation there still cluster a thousand traditions of former sanctity and splendor. The name is Maya, and means "The Mouth of the Wells of the Itzas."

"To visit the ancient city now, one jolts for fifteen long and weary miles in a two-wheeled cart drawn by three mules over the roughest kind of a highway imaginable. Finally, when it seems that the limit of physical endurance has been reached, a sharp turn in the road and as if by magic the lofty Castillo flashes into view, towering high above the plain and the rest of the city.

"This imposing structure, the highest in Yucatan, rises seventy-eight feet above the plain. The pyramid on which the temple stands is 195 feet long and covers about an acre of ground. It is made of nine terraces of faced masonry, each terrace elaborately paneled to relieve the monotony of effect. Up the center of each of its four sides rises a stairway thirty-seven feet wide. These stairways have massive stone balustrades, carved to represent serpents, the heads being at the bases of the stairways and flanking them.

"The Castillo would seem to have been the center of the ancient city, and probably its chief sanctuary. To the north lies the Sacred Cenote (well) and the causeway leading to it. On the east is a vast group of buildings, colonnades, courts, and pyramids, "The City of a Thousand Columns," as some one has picturesquely described it. Due west is the group of structures known as the Ball Court. To the south for half a mile or more, scattered through the jungle, are pyramids, courts, temples and palaces. The central location of the Castillo with reference to all of these, as well as its great size and commanding height, argue strongly that it was the chief sanctuary of the Holy City. In another structure, the "House of the Tigers," are found the remnants of several beautiful mural paintings. One of these represents an attack by an enemy on a large city, splendidly executed, and presents perhaps the most remarkable piece of aboriginal painting known to be in existence. The total area covered by the ruins has been estimated at ten square miles.

LIEGE IS TAKEN BY GERMANS

Teutons Finally Capture Belgian City.

ANOTHER BATTLE IS ON

German and Belgian Soldiers Fight at n res.

AUSTRIANS ARE NEAR BASEL.

French Assert Teuton Losses Are Very Serious.

London announced officially that Liege had been taken by the Germans. A clash between German and French cavalry south of Namur is said to have taken place.

Emperor William is reported to have left for the Alsatian frontier to join the German general staff.

Cholera is said to have broken out among the Austrian and Serbian troops. Paris dispatches say the Germans in Belgium are short of provisions.

A cablegram from Peking says serious "conversations" are proceeding between Tokyo and London governments concerning whether Japan will participate in an attack on the German colony of Tsingtau.

The French and Belgian governments have directed that the resources of the two countries shall be the common property of France and Belgium.

London, Aug. 10.—The occupation of Liege by the Germans is confirmed in a dispatch received from Brussels this morning.

The correspondent of the Daily Telegraph says: "The Belgians have blown up the old disused fortresses at Liege to prevent the Germans availing themselves of their use. It is reported here that many Bavarians are deserting or refusing to join their colors, the idea of fighting the peaceable Belgians, whose queen is a beloved Bavarian princess, being very unpopular."

A dispatch to the Antwerp Randelsbad from Maastricht states that the Germans have received reinforcements and completely occupy the Belgian territory bordering on the Dutch province of Limburg. They are now engaged with the Belgian army, which has taken its position near Tongres, eleven miles south of Maastricht. The fight is progressing in the valley of Geer.

General Engagement Likely.

Paris, Aug. 10.—The military critics consider the report from Rome that Emperor William has left Berlin to join the general staff of the German army on the Alsatian frontier to indicate that the Germans are ready to engage the French in great force and that a general engagement is impending.

It is unofficially reported that Kolmar, a city forty miles southwest of Strassburg, in Alsace-Lorraine, has been occupied by the French.

Kolmar is a city with a population of 20,000, on the Ill river, and almost directly north of Mulhausen, the city which the French are said to have occupied Saturday. Kolmar was ceded to France by the peace treaty of Ryswick in 1697 and restored to Germany by the treaty of Frankfurt in 1871.

In a French official statement concerning the invasion of Alsace by French troops, and the occupation of Altkirch and Mulhausen, it is asserted that the French losses were not excessive, while those of the Germans were "very serious."

The invasion of lower Alsace by a French army, under the command of General Joffre, the French commander in chief, has awakened great enthusiasm throughout France.

Reservist Must Support Family.

New York, Aug. 10.—City Magistrate Harris, sitting in the domestic relations court, established a precedent in the case of wives and families of foreign reservists called to the front. Joseph Geier was placed under a bond of \$260 to support his wife and two children in the event that he is compelled to leave this country. Mrs. Geier made the application. Geier is an Austrian.

Million Bags of Flour Canada's Gift.

Ottawa, Ont., Aug. 10.—The Canadian government has offered the imperial authorities 1,000,000 bags of flour as a gift for the use of the British people. It was announced. The offer has been accepted and the work of collecting the flour is now under way.

GERMAN SUBMARINE IS SENT TO BOTTOM

Admiralty Tells of Attack on English Cruisers.

London, Aug. 10.—The admiralty has announced that one of the cruiser squadrons of the main fleet was attacked by German submarines. None of the British ships was damaged. One German submarine was sunk. No details were given as to the place at which the fight occurred.

The submarine sunk by the British fleet was the U-15, which was built in 1912 and displaced 300 tons. It carried a crew of twelve men.

Germans Bottled Up.

Shanghai, Aug. 10.—A British fleet proceeding toward Tsingtau passed Shanghai. Cannonading was reported by an incoming ship. It is believed the German warships are bottled up in Tsingtau harbor.

SHOT FAILS TO STOP STEAMER

Torpedo Destroyer Chases Vessel Not Responding to Signals.

New York, Aug. 10.—The first notable flurry in the harbor since the naval guard was stationed down the bay to watch against violations of the neutrality laws occurred when the Clyde steamer Pawnee, which runs between this port and Philadelphia, was chased by a torpedo boat destroyer after failing to respond to signals as she was passing out and was brought back inside the Narrows. Later she was allowed to proceed. A shot fired from the locality where the battleship Florida and torpedo boat destroyer Brayton were moored, near Tompkinsville, had failed to halt the outgoing steamer.

The incident appeared to be due to the Pawnee's failure to observe the new port regulations established as a neutrality safeguard. All outgoing vessels at night are required to pass near the Florida and make their identity known. When the Pawnee failed to do this a shot was fired across her bows and the destroyer put out to bring her back. When her identity was established she was allowed to proceed.

Turkish Troops Active.

Athens, Aug. 10.—Large Turkish forces have concentrated on Bulgarian territory near Ferejik, in the vicinity of the River Maritza. They are moving apparently in the direction of the frontiers of Thrace and Bulgaria by agreement with Bulgaria.

Austria Invaded by Russian Troops.

St. Petersburg, Aug. 10.—Russian troops have penetrated through the valley of the River Styr, which rises in Austrian Galicia and flows into Russia, and have entered Austrian territory, driving the Austrian advance posts before them.

FUNERAL OF MRS. WILSON

Simple Rites For the Wife of the President.

SERVICES IN THE EAST ROOM.

Offices at Capital Closed in Respect to Memory of Mrs. Wilson—Body Will Be Buried at Rome, Ga.—Government Represented at Funeral.

Washington, Aug. 10.—The nation paid tribute this afternoon to Mrs. Woodrow Wilson, wife of the president, whose funeral was held at 2 o'clock in the historic East room of the White House.

The services consisted of the reading of the simple Presbyterian rites by the Rev. Sylvester Beach of Princeton, N. J., and the Rev. J. H. Taylor of the Central Presbyterian church, Washington.

Only the family, intimate friends, the cabinet, and the members of the congressional committees were present. After the services the casket was carried by a group of police officers, who long have guarded occupants of the White House, to a waiting hearse.

A special train, consisting of a private car for the casket and the president and his family, a sleeper for a few relatives and intimate friends, a dining car and a baggage car, will take the party to Rome, Ga.

It will arrive there at 2 o'clock tomorrow afternoon. The final services will be held immediately in Myrtle Hill cemetery. At 6 o'clock the president will start back to Washington.

Flowers From All Over Country.

Flowers arrived from individuals and organizations in all parts of the country. Such a collection has seldom been seen except at the funerals of presidents of the United States.

The body of Mrs. Wilson is in a mahogany casket, lined with copper, and covered with silver gray broadcloth and with silver handles. At the grave the casket will be placed in an outer case of steel.

On the casket is a silver plate engraved with the simple inscription: Ellen Axson Wilson.

May 1, 1869-Aug. 6, 1914.

All government departments in Washington were closed during the services.

PROTEST AGAINST WAR

New York Socialists Hold Meeting and Adopt Resolutions.

New York, Aug. 10.—Several thousand Socialists attended a mass meeting held to protest against the European war. The meeting in Union square was presided over by Edward F. Cassidy, who claimed that the war would have been averted by the working classes if the situation had not arisen so suddenly.

George Lunn, former mayor of Schenectady, said he regarded general strikes justifiable to stop war, "when death is appointed the commander in chief in Europe." He declared he believed the Socialist party to be "the greatest peace society on earth."

The meeting adopted a resolution against the war and demanding that the United States prohibit the furnishing by this country of "food supplies, munitions of war and any other commodity that will in any way assist to prolong this butchery," and that the government rigidly enforce the neutrality laws.

Steamship New York Brings Refugees.

New York, Aug. 10.—Five hundred and seventy-nine passengers, a majority of them American refugees from Europe, reached New York on the American line steamer New York. A number of well-to-do Americans were booked for the steerage because of crowded conditions, but by doubling up wherever possible they were housed in the cabin.

Millions in Treasure Returned.

Bar Harbor, Me., Aug. 10.—Securely locked in four steel express cars and accompanied by an armed guard of forty express messengers and detectives the \$10,600,000 of gold coin in kegs and \$3,000,000 in silver in barrel bar from the German liner Kron Prinzessin Cecilie was sent back in a special train to New York, whence it was shipped abroad ten days ago.

German Steamer Saved by Dense Fog.

Boston, Aug. 10.—Heavy fog banks on the north Atlantic saved the German steamer Wittekind with 323 passengers and a \$1,000,000 cargo of lead and coal tar products from capture by the British cruiser Essex, according to the story told by Captain Sem. bill when the steamer reached here.

Japan to Take Active Part.

London, Aug. 10.—A dispatch to the Daily Mail from Tokyo says: "An all night cabinet conference and activity in the navy department has strengthened the popular belief that Japan is about to take an active part in the war. A pronouncement by the government is hourly expected."

British, French and Belgians Join.

Brussels, Aug. 10.—News that the French, Belgian and British troops had effected a junction across the lines of the German advance in Belgium caused great rejoicing here. The crowds sang the national anthems of the three allies.
